8th-grade parents

I have attached a copy of what I handed out to each student on Tuesday. This sheet is all the electives offered to freshmen at Key West High School. They will need to have this in hand for February 1st when you and your student will meet with a counselor. Please discuss these choices with your student before the meeting.

SPCA service project

Upper Elementary and Early Secondary students will have the opportunity to participate in a field trip/service project to the Key West SPCA. For interested students, they must bring one of the following donation items by February 4th as their "ticket" to participate. Students who do not wish to participate will not be required to attend (but we hope to have more opportunities for service projects this semester!)The date for the field trip will be determined after the donation drive is complete.

The SPCA has asked for the following items:

- Puppy pads
- Canned cat food (pate style)
- Cat scratchers
- Soft plush dog toys (no rope toys or rawhides)

- Low-calorie dog treats

Another needed item is fleece fabric to make dog toys in class. This could be in the form of an old blanket or a large cut of bulk fabric.

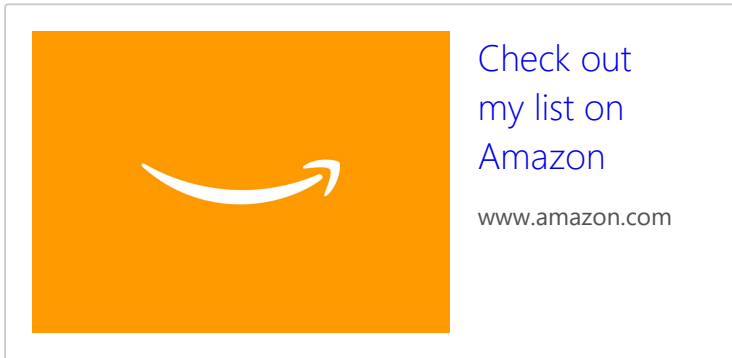

If you have questions regarding this donation drive or service project, please contact Ms. Laura at Laura.Hulec@keysschools.com. We would also love to hear from families who have other volunteer opportunities in the community. Please let us know if you have a contact that could accommodate a service project for our students!

Science materials needed

Our science material are in low supply. I would love to give the students a true lab experience.

The first ten items are ones I would like to have for our lab mid February.
